

Working Together for Lasting Change

Each year, Episcopal Relief & Development facilitates healthier, more fulfilling lives for more than 3 million people around the world struggling with hunger, poverty, disaster and disease. The organization works with Anglican partners to create long-term development strategies focused on delivering results in three signature program areas: **Women. Children** and **Climate**.

Our work with **Women** focuses on helping communities promote the rights of women and children and move toward the vision that everyone deserves a life free from violence.

Our work with **Children** supports and protects kids under six so they reach appropriate health and developmental milestones.

Our **Climate**-related work focuses on how families and communities can work together to adapt to the effects of rapidly changing weather patterns.

In addition, our **US Disaster Program** offers critical resources and training to help people prepare for disasters and provide emergency support so vulnerable communities can make a full and sustained recovery.
