VBS Preschool/Early Childhood Modifications for
The Abundant Life Garden Project®
offered by Episcopal Relief & Development

The VBS lesson rotations as they are written, are geared towards elementary (2nd grade and up) aged children and older, but with some modifications we believe that several of the learning pods could be modified for an Early Childhood class, (ages 4-6). Here are our modification suggestions:

Rotation Areas:

Based on our experience these are the best rotation options for the younger ages:

- **Opening** (with everyone)
- **Stories from our Faith**
  (modifications can be found in the *Stories from our Faith Booklet*)
- **Snack**
- **Recess**
- **Create/Learn** (individually or combined)
- **Free Play**
- **Coloring Time**
- **Closing** (with everyone)
