
How to Host a COVID-safe Alternative Gift Market

Would your congregation like to share God's blessings this Advent season? Are you interested in hosting a socially-distanced, COVID-safe Alternative Gift Market but not sure where to start? Look no further! Follow step-by-step visual instructions [here](#) to create a fundraising page to support [ONE THOUSAND DAYS OF LOVE](#) and read on to discover how to easily set up this page as an Alternative Gift Market.

Step 1: [Set Up Your Fundraising Page.](#)

- *Tip:* Hosting by yourself? Select "As an individual." Hosting with a team? Click "Create a team."

Step 2: Create Your Page.

- *Tip:* Did your congregation host an Alternative Gift Market in 2019? If so, review that total. It will help you in setting a 2020 goal.
- *Tip:* Make sure to give your page a headline, such as "St. John's Alternative Gift Market."

Step 3: Choose Your Photo.

- *Tip:* Consider using an image from the ONE THOUSAND DAYS OF LOVE [photo gallery](#).

Step 4: [Create Your Alternative Gift Market in the Story section.](#)

Step 5: Celebrate the generosity and compassionate hearts of the congregation!

- *Tip:* Consider setting up a small Christmas tree and hanging an ornament for each gift. You can share a weekly photo with the congregation as a visual celebration of their gifts.
 - (Want to take this a step further? Work with your youth leader to coordinate ornament making by the children/grandchildren of the congregation. They can even color images from Episcopal Relief & Development's [DIY Creche](#) that can easily be turned into an ornament with a handy paperclip.)
