

HOW OUR PROGRAMS BENEFIT CHILDREN

Research shows that the first 1,000 days are foundational affecting a child's capacity to grow, learn and thrive over his or her entire life. The first few years form the basis for future learning, good health and nutrition and overall well-being. Episcopal Relief & Development is committed to partnering with parents and caregivers to nurture children up to age six so they are learning, growing and thriving in their communities.

Across Episcopal Relief & Development's strategic priorities, the work with children is essential to our integrated programs and partnerships with local churches and communities in Africa, Asia, and Latin America.

Our programs benefit children and their families by:

- Nurturing healthy children through improving food and nutrition, protecting health and preventing disease, empowering parents, and protecting families;
- Helping children achieve their full potential by providing access to clean water, hygiene, sanitation, and reducing the impact of disasters and building resilience.
- Bringing positive change to children's lives by creating economic stability;

Your partnership empowers more families, in more places, to support more **children**.
