We provide emergency and long-term support for those who are impacted so they can make full and sustained recoveries – as well as resources and training to help people prepare for the next disaster.

For 80+ years, Episcopal Relief & Development has been collaborating closely alongside communities and our Anglican partners to respond to disasters and carry out long-term development strategies in three key priority areas, Women, Children and Climate, to help alleviate hunger, create economic opportunities, respond to disasters, promote health and strengthen communities.
