

CELEBRATING 75 YEARS OF HEALING A HURTING WORLD

CARRY THE WATER

Episcopal Relief & Development is committed to ensuring that safe and clean water is accessible even in the most rural communities.

Our water programs are part of an integrated strategy that focuses on preventing the spread of disease while promoting overall community health and well-being.

Please join us and invest in Episcopal Relief & Development's vital mission by giving meaningfully to our 75th Anniversary Thrive to Five Campaign!

For 75 years, Episcopal Relief & Development's diverse, faithful community has responded compassionately to the suffering in the world. Together, we reach more than 3 million people annually in almost 40 countries.

Carry the Water Campaign: I believe that everyone should have access to clean water.

More than a billion people around the world do not have access to clean water.

Every 15 seconds a child dies from a water-related disease.

Pollution and scarcity of this precious resource is an even greater challenge in parts of the world where women and girls are traditionally responsible for finding and collecting water.

Photo: Harvey Wang for Episcopal Relief & Development

Often, young girls can't go to school because they have to walk for miles to find fresh water for cooking, bathing, drinking and other basic needs.
