

CELEBRATING 75 YEARS OF HEALING A HURTING WORLD

THRIVE TO FIVE

For 75 years, Episcopal Relief & Development's diverse, faithful community has responded compassionately to the suffering in the world. Together, we reach more than 3 million people annually in almost 40 countries.

Thrive to Five Campaign: I believe that all children and families deserve a healthy start in life

Globally, more than 300,000 women die each year from causes related to pregnancy and childbirth.

Children under five and pregnant women are the most vulnerable to infectious diseases like malaria, tuberculosis and HIV/AIDS. Respiratory infections and diarrhea can also be fatal in young children.

Together, with our local partners, Episcopal Relief & Development is enabling children and families to get the best start in life through maternal health, malaria prevention and early childhood development programs.

In order to reduce illness and death among expectant and new mothers and their children, we support local initiatives that train health workers and community volunteers to actively engage with families and monitor child health.

Please join us and invest in Episcopal Relief & Development's vital mission by giving meaningfully to our **75th Anniversary Thrive to Five Campaign!**
